

Assignment: Argumentative Essay on Love

Årskurs: 1

Ämne: Engelska 5

Tema: Kärlek

In this assignment, you will write an argumentative essay about love. Your essay should present a clear argument regarding a specific aspect of love, supported by evidence and examples. You should aim to reflect critically on the topic and explore different viewpoints.

Please choose one of the following topics related to love as the focus of your essay:

1. The importance of love in human relationships.
2. Love versus infatuation: What is the difference?
3. The role of love in mental health and well-being.
4. Long-distance relationships: Can love survive the distance?
5. The impact of social media on modern love relationships.
6. Love in the age of technology: Are we losing the human connection?
7. The evolution of love: How has our understanding of love changed over time?
8. Unconditional love: Is it achievable or unrealistic?
9. The influence of culture on expressions of love.
10. Love and sacrifice: Should love require sacrifices?

Make sure to structure your essay clearly, with an introduction, body paragraphs that support your argument, and a conclusion that summarizes your main points. Good luck!
