

Årskurs: 7

Ämne: Engelska

Tema: Källkritik

Denna läxa syftar till att ge årskurs 7 elever träning i att identifiera och bedöma trovärdigheten i informationskällor på engelska. Genom övningar fokuserade på att hitta pålitliga källor och värdera nyhetsartiklar utvecklar eleverna sin källkritiska förmåga, något som är viktigt för att navigera säkert i dagens informationsflöde. Läxan stöder repetition och lärande av grundläggande källkritiska frågor på engelska som hjälper elever att tänka kritiskt och analysera innehåll.

Läxan kan anpassas för elever som behöver extra stöd genom exempel med enklare språk och tydliga frågor, medan mer avancerade elever kan uppmuntras att motivera sina bedömningar utförligt.
